## WHY METAL DOORS?

**Metal doors** are becoming more popular today. They give good protection and last for many years. Here are some simple reasons why people choose **metal doors**:

### 1. Very Strong

Metal doors are strong. They do not break easily. They can handle heavy use. They work well in homes, offices, schools, hospitals, and industries.

### 2. Long Life

Unlike wooden doors, metal doors do not get damaged by water, insects, or climate. They stay strong for many years.

### 3. High Safety

Metal doors give better safety. They protect your space from theft and fire. They are strong enough to keep your property safe.

### 4. Low Maintenance

Metal doors need very little care. You do not need to paint them often. They do not bend or crack.

## 5. Easy to Clean

Just simple cleaning is enough. They stay fresh and new for years.

## 6. Good for All Weather

Metal doors can handle heat, rain, and dust. They work well in all seasons in Hyderabad.

Because of these benefits, more people choose **metal doors** from **Crystal Group**.

# CRYSTAL GROUP – BEST METAL DOORS MANUFACTURERS IN HYDERABAD

**Crystal Group** makes many types of metal doors. All doors are made with top-quality materials. All doors are checked carefully. The company focuses on **safety**, **strength**, and **smooth operation**.

Below are some main door types made by Crystal Group:

## 1. Metal Doors

These are strong and durable doors. They are made from premium steel sheets. They are perfect for:

- Homes
- Flats
- Offices
- Schools
- Warehouses
- Shops

These doors come with strong hinges, modern handles, and smooth finish. You can choose the size and design you want.

## 2. Fire-Rated Doors

Fire-rated doors are very important in buildings. They stop fire from spreading. They give you extra time to escape during danger.

Crystal Group makes tested and certified fire-rated doors. These doors are used in:

- Hospitals
- Commercial buildings
- Hotels
- Schools
- Industries
- Apartment blocks

These doors come with fire-resistant frames, fireproof hardware, and safe locking systems.

### **3. Security Doors**

Security doors are made for maximum safety. They protect your space from theft and unwanted entry. These doors have heavy steel, strong hinges, and safe locks.

They are perfect for:

- Homes
- Offices
- Banks
- Storage units
- Sensitive places

Crystal Group makes high-quality security doors with modern protection features.

### **4. Steel Doors**

Steel doors are simple, clean, and long-lasting. They are used in many buildings. They are easy to maintain. They stay strong even in heavy use.

Crystal Group makes steel doors that are smooth, strong, and affordable.

### **5. Industrial Doors**

Industries need strong doors for factories, units, and warehouses. Crystal Group makes industrial metal doors that can handle rough use.

These doors are:

- Scratch-resistant
- Rust-free
- Strong and safe
- Built for heavy duty

Industries across Hyderabad trust Crystal Group for strong metal doors.

## WHERE CRYSTAL GROUP METAL DOORS ARE USED

Crystal Group metal doors are used in many places:

- Residential buildings
- Independent houses
- Apartments
- Commercial complexes
- Hospitals
- Hotels and restaurants
- Educational institutes
- Factories and industries
- Warehouses
- Office buildings
- Banks
- Showrooms

Their doors fit all types of spaces. Their quality stays strong everywhere.
